

# Introducing Digital Debt Gateway

This summer, Indesser – TDX Group's joint venture with the government – launched Digital Debt Gateway

## Digital Debt Gateway

A self-service website for recoveries management

No IT  
integration

No set  
up costs

No need  
for tender

Digital Debt Gateway is a self-serve platform providing public sector departments and public enterprise with access to debt recovery management services.

### Indesser in numbers

**5.8 million** public sector debt accounts under management

We have already placed more than **£5 billion** of debt

**More than 7,000** public sector staff already using Indesser supplied data and analytics

**Over £1 billion** of debt segmented based on enriched data characteristics

Indesser

In partnership with  
Cabinet Office
