TDX Group continues commitment to charities in Nottingham and beyond

TDX Group, the UK's leading provider of data and debt recovery solutions for businesses, raised over £58,000 in 2017 for a number of local and national charities. Activities over the year included a charity ball, carol singing, bike rides and raffles. The funds from these events were donated to organisations such as Nottingham's Children's Bereavement Centre, which supports local children impacted by the death, terminal illness or divorce of someone close to them and Inspire Nottingham, a community society delivering cultural and learning services across the city.

Equifax, TDX Group's parent company, also raised a further £22,800 throughout the year for its chosen charity, Theodora Children's Charity, which brings music, magic, fun and laughter to children in hospitals, hospices and specialist care. Equifax and TDX Group are committed to supporting individuals, families and communities in the UK and hope to raise even more money in 2018.

In 2018, TDX Group will continue to partner with The Children's Bereavement Centre and will also establish a new charity partnership with Notts County Football in the Community (NCFITC) as its charity of the year. NCFITC runs innovative programmes to inspire disadvantaged and marginalised people across Nottingham to take up sport, improving their health, confidence and skills.

Kirk Fletcher, UK Country Manager at TDX Group, said: "It's vitally important for us to support the communities around our UK offices and the entire team is fully behind our charity initiatives, with many undertaking their own personal challenges to raise funds. There are many local charities that work extremely hard to deliver excellent programmes of support and we are very proud to be able to work with them. The money we were able to donate will help these organisations continue to make a real difference in many people's lives."

TDX Group employs over 350 colleagues in its offices in Nottingham and Madrid.
