Benefits of TIX

The Insolvency Exchange (better known as TIX) is TDX Group's outsource service that manages personal insolvency accounts to deliver:

Reduce operational overheads

Significantly reduce the amount of paper-based internal processes to save time, resources and operational overheads.

Improve sustainability and fair treatment

Consistent case level decisioning to ensure improved customer outcomes and fair treatment.

Improve visibility of cases and enable effective exception management

User-friendly system with a decision engine and query functionality which links lenders, debt purchasers and insolvency practitioners to enable fast resolution of case exceptions.

Improve liquidation and value

By proactively managing the case, dealing with exceptions and working closely with IPs and trustees we ensure that creditors benefit from faster and regular distributions to speed up and increase their returns.
